Margaret –

I have heard there is a "justification narrative" required for the ALPR proposal. Has somebody already been working on this narrative? Am I supposed to draft the narrative? Any guidance you could provide would be helpful. I understand we are on a tight timeline, with staff hoping to get something before City Council in January, meaning the narrative need to be completed eighter this week or next week.

Thank you,

Dan

Hi Dan,
Below is a link to the template for the needed justification for LPR's. Please see Andrew's comments at the bottom of this email chain. Also, in his follow-up email he sent a link to the template. Could you please work with the consultant and complete the form so we can prepare Council staff report next week.

Thanks,

Marc

Sure, here it is. Recommend communicating back and forth with the Witt consultant, also.

Hi Andrew,
I will follow up with Dan Cohen tomorrow on the template question. Can you please send me the template again in the event Dan doesn't have it.

Chief,

We had our ARPA meeting last week. We were unsure of the status of the justification for the LPRs. Is the justification template completed for this project yet? The consultants were not sure. Anyhow, if we are to bring this to council in January, we need to get it wrapped up very soon, as staff report writing will begin next week.
